## "What is a Safe Sanctuaries Policy and How Does it Affect Me?"

### The short answers are:

- Safe Sanctuaries is a policy describing commitments and procedures that will help us reduce the risk of child abuse in our church.
- It affects all of us in the church body, as we support a safe and welcoming place for children, youth and at-risk adults\*. Specifically, it defines pro-active requirements for church staff and volunteers working with ministries in these areas.

Besides meeting our Bishop's mandate that every church in the Greater New Jersey Conference submit a Safe Sanctuaries Policy, this policy reflects our congregation's commitment to preserving this church as a holy place of safety and protection, for all who enter, and as a place in which all people can experience the love of God through relationships with others.

Nonetheless, some people find the entire subject of Safe Sanctuaries distasteful, not wanting the church to operate from a place of judgment. Some are saddened by the need to discuss abuse safety in a church - wishing the church to be a sacred and safe place because it is a church. Some people are concerned that all of our preparations cannot eliminate all risk of child abuse, and therefore have difficulty supporting the policy requirements. Some people may feel a combination of all three reactions. This is normal.

The focus of this Safe Sanctuaries policy is to create a welcoming environment for our children, youth and at-risk adults; an environment in which they can participate in worship, learn Bible truths, witness to their faith, and be treated with dignity and respect. This policy has been approved by the Administrative Council. It will be administered by the Administrative Board and the Staff Parish Relations Committee of the Broad Street United Methodist Church and will be reviewed on a regular basis. Copies of the active policy are available in the church lobby, in the church office, in each Sunday School room, as well as from the website of the Broad Street United Methodist Church, [www.broadstumc.org](http://www.broadstumc.org)

\*includes adults with diminished physical, mental, or emotional capacities

God calls us to create communities of faith where children and adults grow safe and strong. (From the *Book of Resolutions of the United Methodist Church – 2000*, pp. 180-181)

Jesus made the importance of children clear when he said “Let the little children come to me and do not stop them; for it is to such as these that the kingdom of heaven belongs.”

Because the tragedy of abuse of children, youth and at-risk adults is a reality in our world, and because we recognize our responsibility to ensure a safe and protected environment for our children, the Broad Street United Methodist Church, Burlington, NJ, has developed this policy and procedures to demonstrate our absolute and unwavering commitment to the physical safety and spiritual growth of all of our children and youth.

\* \* \* \* \*

**Statement of Covenant**

Thus in covenant with all United Methodist congregations, we adopt this policy for the prevention of child abuse in our church.

As a Christian community of faith and a United Methodist congregation, we pledge to conduct the ministry of the gospel in ways that assure the safety and spiritual growth of all of our children and youth as well as all of the workers with children and youth. We will follow reasonable safety measures in the selection and recruitment of workers; we will implement prudent operational procedures on all programs and events; we will educate all of our workers with children and youth regarding the use of all appropriate policies; and we will have a clearly defined procedure for reporting a suspected incident of abuse that conforms to the requirements of state law.

\* \* \* \* \*

In all of our ministries with children and youth, this congregation is committed to demonstrate the love of Jesus Christ so that each child will be “surrounded by steadfast love...established in the faith, and confirmed and strengthened in the way that leads to life eternal” (Baptismal Covenant II,” *United Methodist Hymnal*, p. 44)

## Introduction

At Broad Street United Methodist Church, the safety of our children is a top priority. In order to protect our children and vulnerable adults, as well as the church workers who come in contact with them, we have implemented a safety policy called **Safe Sanctuaries**. We based our policy on the recommendations of the Greater New Jersey Annual Conference, the requirements of our church insurance policy, church legal counsel, the book Reducing the Risk of Child Sexual Abuse in Your Church, and by researching policies that have been successful in other churches.

## Objectives

The main objectives of our Safe Sanctuaries Policy are:

- 1) to maintain a safe, healthy environment for our children and at-risk adults
- 2) to make sure that all paid staff and volunteer workers have the necessary skills and judgment to work with children
- 3) to reduce the risk of the occurrence of physical or sexual abuse
- 4) to provide guidelines and support for our paid staff and volunteers
- 5) to follow the guidelines set down by the Greater New Jersey Annual Conference
- 6) to follow the recommendations of our Church Insurance Policy
- 7) to minimize the liability of our church and our church workers in a case of a lawsuit

## Definitions

For the purposes of this document, the following definitions apply:

- A “Church Worker” is defined as any volunteer or employee who works with children, youth or vulnerable adults.
- A “Volunteer” is any unpaid church member who works with children, youth or vulnerable adults.
- “Paid Staff” or “Staff Person” includes all paid employees of the church.
- Both the Volunteer and Employee categories include, but are not limited to, the pastor, Sunday School teachers and assistants, youth leaders, and Vacation Bible School volunteers, Director of Music and the church secretary.
- “Children” and “youth” are individuals up to 18 years of age.
- “Vulnerable adults” are adults with diminished physical, mental, or emotional capacities.
- A “church-operated program” is any program where the church has control over starting and stopping the program, hiring or firing the employees, and management of day-to-day operations. Any decision to operate a program that will be a church-operated program should be included in the meeting minutes of the Church Council or the Board of Trustees.

## Layout of the Policy

Our Child Safety Policy has 6 main parts:

- A) Worker Selection
- B) Worker Supervision
- C) Church Computer Use and Internet Activities**
- D) Reporting Obligations
- E) Response to Allegations
- F) General Health and Safety Guidelines
- G) Non-Church Groups Using the BSUMC Facility
- H) Annual Review of the Policy

## A. Worker Selection

- 1) All Paid Staff will fill out an Employee Information Sheet, complete an on-line background check (link sent from the BSUMC MinistrySafe coordinator), and submit the results of the background check to the MinistrySafe coordinator to be kept on file. The church will pay the cost of the background check. Candidates will be interviewed by the Chair of the Staff Parish Relations Committee or his/her designee. References will be contacted. Background checks must be updated every five years.
- 2) All Volunteers will complete the Volunteer Information Sheet, complete an on-line background check (link sent from the BSUMC MinistrySafe coordinator), and submit the results of the background check to the MinistrySafe coordinator to be kept on file. The church will pay the cost of the background check, but volunteers are able to pay for the cost as part of their giving to the church. New volunteers will have an interview with a Staff Person, or the Chair of the committee on which they will serve, and be asked to give references. They must attend our church regularly for at least 6 months before they will be allowed to volunteer in a capacity covered by this policy. Background checks must be updated every five years.
- 3) All Church Workers will take an online sexual abuse awareness training course (training will be assigned through the MinistrySafe site by the MinistrySafe coordinator and must be completed online), and must agree to abide by the policies of this church.
- 4) All church workers will receive a copy of the Broad St. UMC Safe Sanctuaries policy. Copies will be available in all Sunday School classrooms, posted on a bulletin board in the Education Building and a Bulletin Board outside the Church offices, and posted on the church's internet website. The Sunday bulletin will also be used to communicate this policy.
- 5) All volunteers and paid staff will be required to attend a mandatory annual orientation to review appropriate behavior, policies and procedures. This session will be completed in the early fall of each year.
- 6) Care of Documents:  
All information received from or about applicants will be **completely confidential**. Volunteer and Employee Information Sheets, Reference Reports and results of Background checks will be reviewed by the Pastor, Chair of Staff Parish Relations **and** the MinistrySafe coordinator. All records will be kept in a locked file cabinet in the Pastor's office for the duration of the church worker's service, plus seven years. **No other persons will have access to these records except in the case of an allegation of suspicious activity.** In the case of a report of suspicious activity, the Response team (see D1) and appropriate legal authorities will have access to the files.
- 7) Church workers who were working in a capacity covered by this policy at the time of its initial approval by the Administrative Board in December, 2011, will not be required to undergo the selection process (interview) described in paragraphs 1) and 2) above, but will be subject to the remaining paragraphs of this section as well as the background check (which includes a driving-record check for anyone who might be driving children or youth to/from activities).

## B. Worker Supervision

### 1) On Site:

- a. In order to protect children, youth, vulnerable adults and the church worker, workers will not be left alone with a child, youth, or vulnerable adult out of sight of another adult. At least two non-related adults (including at least one screened adult) will always be present in the area.
- b. Whenever possible, there shall be at least two adult volunteers in the classroom at all times. There may be one teacher in a Sunday School room with a *group* of children if there is a supervisor that checks in on the classroom during the Sunday School hour.
- c. All rooms used by minors should have a window in the door, or remain open. Any window in a door shall remain unshaded and provide an unobstructed view of the room.
- d. Any supervising adult must be at least 5 years older than the oldest youth participating.
- e. Any one-on-one counseling must be held within eyesight of another adult.

### 2) Off Site:

- a. Whenever practical, at least two adults shall supervise all groups of children and youth for off-site events. **Exception:** When transporting children and youth to events in private cars, there may be one adult with at least two children in the car except on return trips when dropping off the last child. Also, the two-adult rule does not apply in parent-child relationships.
- b. Permission slips, including a medical release form, shall be used for all off-site events. Adequate personnel will be provided for supervision. Off-site programs involving children, youth, and vulnerable adults will include the supervisory personnel according to the following ratios:

Children's ages	0-2	1:4
	3-5	1:5
	6-11	1:6
	12-17	1:10
Vulnerable adults		1:10
- c. All persons riding in private cars must be wearing seat belts when transported to off-site events.
- d. A plan should be made for transportation and sleeping arrangements for any overnight trips.

### C. Church Computer Use and Internet Activities

- e. All church-owned computers are to be password protected. More than one person should have access to the password in the event that the main user of the computer is temporarily or permanently unable to perform their job responsibilities on that computer.
- f. Computers are to be monitored when in use by children, youth, or vulnerable adults.
- g. Computers are to be used for ministry-related purposes only.
- h. Appropriate blocks should be installed on computers for specific internet sites (ex. Pornographic sites) to ensure that no one is accessing those sites from church-owned computers.

## D. Reporting Obligations

- 1) Church Workers will be made aware of state laws that govern the reporting of child abuse during the training session on abuse prevention.
- 2) Church Workers will be made aware of church reporting procedures, and how to identify signs of physical and emotional abuse through receipt of this policy, and the training session.
- 3) Lines of Reporting:
  - a. If a church worker suspects or is made aware of any physical or sexual abuse occurring in a child's home, or somewhere outside of the church environment, it should be reported to the Pastor and to the New Jersey Division of Child Protection and Permanency (DCP&P). The police will be notified if instructed to do so by DCP&P.
  - b. The NJ Abuse Hotline phone number is 1 (877) NJ ABUSE
  - c. Any suspicious activity, observed abuse, or victim allegation within the church environment must be reported immediately to DCP&P and two or more of the following:
    - 1) Pastor
    - 2) Christian Education Director
    - 3) Youth Group Leader
    - 4) Director of Music
    - 5) Staff-Parish Relations Committee Chair
    - 6) MinistrySafe Coordinator

A contact list will be attached to this policy.

If the child, youth, or vulnerable adult is in immediate danger, 9-1-1 should be called.

In all instances, the child, youth, or vulnerable adult should be removed to a safe setting.

- d. The persons to whom the incident is reported (see 3. b. above) will produce a written report on the appropriate form (copy attached to this policy) of abuse or suspicious activity and document what, when, where and how, date, time, and circumstances under which the report was made. This report will be provided to the Pastor and kept in a locked cabinet in the Pastor's office unless needed by legal authorities.
- e. Upon receiving such information, the Pastor, or the person designated in section 3b, of this document, will notify:
  - 1) District Superintendent
  - 2) Police (if directed to do so by DCP&P)

If the Pastor is implicated in the incident, or cannot be contacted, the Chair of SPRC will be responsible for reporting the incident.

## E. Response to Allegations

- 1) A Response Team will be formed and will be assigned to take any further actions required. The Response Team will follow advice of legal counsel and bishop or bishop's representative.
- 2) The Response Team will be made up of pastor in charge, two administrative board members, and the MinistrySafe coordinator.
- 3) The Response Team will function as the church's liaison to outside local and state civil authorities. Documentation will be maintained on an ongoing basis and in follow-up to any communication pertaining to the incident.
- 4) Only the pastor is authorized to make public statements on behalf of the congregation concerning an allegation of abuse.
- 5) A clear position statement regarding our church's Child Safety Policy: Safe Sanctuaries and established procedures will be prepared and released when appropriate. This is our opportunity to influence public opinion positively by emphasizing our awareness of the problems of child abuse, our concern for the victim, and the procedures we have put in place to reduce the risk, and to provide a safe environment for children.
- 6) The privacy and confidentiality of all involved must be maintained. Details of the allegations are not to be discussed in any public interview.
- 7) Do not engage in denial, minimization, prejudice, or blame. Take all allegations seriously. Treat the alleged victim and the victim's family with respect and concern. Extend pastoral resources as needed. Offering care and support can help minimize the hurt, and decrease the possibility of litigation.
- 8) Treat the accused with respect and concern. Extend pastoral resources as necessary. If the accused is a volunteer, that person should refrain from all youth and child activities until the investigation is finished. If the accused is a paid employee, arrangements should be made whether or not to suspend the employee, and whether or not to suspend income until the allegations are cleared or substantiated.

## F. General Health and Safety Guidelines

- 1) A registration form will be filled out by the parents of all Sunday School students. Information regarding allergies and/or specific health risks will be included on this form. Information about specifically which adults are allowed to pick up the child will be included on this form, as well as where the parents can be located during Sunday School.
- 2) Sunday School teachers will be given copies of Registration Forms for all individual students in their class, and they will be made aware of any allergies or health risks.
- 3) Basic CPR and First Aid training will be made available to all volunteers and staff. Paid staff members are required to complete this training.
- 4) A first aid kit will be kept in all Sunday School areas, and church sanctuary.
- 5) If any injury or illness occurs during Sunday School, youth group, or any other church event, an Incident Report will be filled out and given to the Pastor, Youth Leader, or Christian Education Director. Completed Incident Reports will be kept in a locked file cabinet in the Pastor's office, along with other confidential files. Blank incident reports will be kept in the Sunday School rooms, and will be made available to all church workers.
- 6) If church workers notice, or are made aware of any safety hazards within a classroom or any other area of the church, they will inform one or more of the following people:
  - a) Pastor
  - b) Christian Education Director
  - c) Youth Group Leader
  - d) Director of Music
  - e) President of the Trustees
- 7) There will be no secret ministry activities. It is required that a notice be give to all parents and guardians for all ministry events and activities.

## G. Non-Church Groups Using the Broad Street UMC Facility

- 1) If a group using the BSUMC facility is considered a non-church program, they do not need to do their background checks through GNJ's MinistrySafe contract.
- 2) These groups do, though, need a robust screening process for those with responsibility for children and youth. This would include a written application, an interview, reference checks, as well as a background check. They don't need to share the results of that screening with BSUMC or involve BSUMC in the process; they only need to confirm they have such a process in place using the Attestation Form found at the back of this policy.
- 3) The Board of Trustees member who is the liaison for each non-church group or program that uses the church will be responsible for getting the completed Attestation form from their group(s) and returning it to the Board of Trustees and the SPR to be kept on file.
- 4) Non-church groups using the facility are required to annually provide their certificate of insurance with adequate liability insurance and worker's comp (if applicable). The certificate of insurance should have both Broad Street UMC and the Greater NJ Conference of the UMC listed as additional insured organizations.

## H. Annual Review of the Policy
